EIGHT CHARACTERISTICS OF SUCCESSFUL SCHOOLS

SURVEYS developed by the Wisconsin Department of Public Instruction in cooperation with North Central Regional Educational Laboratory (NCREL), were created from the research-based Characteristics of Successful Schools to help all Wisconsin students achieve academically and be caring, contributing citizens.

The surveys:

- Help identify and measure perceptions of your school's or district's strengths and areas needing improvement;
- Are completed, tabulated, and reported confidentially using a computer program designed by DPI and NCREL;
- Can be tailored to your needs;
- Are available in Spanish and Lao.
